

EPL No:	11436
Date:	13/07/2022

Date	Time	Method	Type	Location	Description	Response/action taken to resolve the complaint
12/07/2022	5:30:00 am	Community Feedback Line	Odour	Boro Road, near Tarago	Complainant reported being impacted by a smell of rotten garbage. They said it had a strength of 4/10. Wind was reported to be a Light W or NW wind.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
08/07/2022	9:00:00 am	EPA Environmental Line	Odour	Tarago Village	Complainant reported being impacted by a "a very strong methane gas odour in the air" while driving through Tarago	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
07/07/2022	10:00:00 am	EPA Environmental Line	Odour	Glenoval Road, Lake Bathurst	Complainant reported a "stench" that they alleged was coming from the Woodlawn Landfill. They said the "stench has been going on and off over last week". They said "this morning the odour was very strong and there was no wind" and described it as a "very methane odour".	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
07/07/2022	8:30:00 am	EPA Environmental Line	Odour	Rosebery Street, Tarago	Complainant reported being impacted by an offensive "rubbish tip" odour that they alleged was coming from "Veolia Tarago". They reported the strength of the odour as 3/5.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
05/07/2022	8:10:00 am	EPA Environmental Line	Odour	Breadalbane Road, Collector	Complainant reported being affected by a "very strong rotten egg gas smell from Veolia Woodlawn". The complainant said they noticed the odour when they went outside their house.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
01/07/2022	7:30:00 am	EPA Environmental Line	Odour	Mooneys Road, Currawang	Complainant reported being affected by offensive odour allegedly coming from the Woodlawn Bioreactor. The complainant described the odour as smelling of "rotting vegetation/onions, rotting eggs and/or sewage".	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
30/06/2022	6:55:00 pm	EPA Environmental Line	Odour	Federal Highway, Lake George, near Badcoe VC rest area	EPA officer detected a "sickly sweet odour" for approximately 30 seconds whilst travelling in their vehicle south on the Federal Highway along Lake George, at or near the Badcoe VC rest area. They said the odour was very reminiscent of that which they had previously experienced on site at that Woodlawn Landfill.	An assessment of meteorological data and operational activity has been completed in order to investigate the potential source or cause of odour was undertaken. In consultation with the NSW EPA, an in-depth and detailed analysis approach to investigating reports of odour is being undertaken.
